Vol. 6 Thurs Feb. 13 No 7

Jock McIntyre, Editor

This is how to figure your income tax: Take your income, add your wife's age, divide by number of cows, add the acres in pasture, subtract your license number, add gas bill, divide by horse power of your tractor, add number of fillings in your teeth, subtract the number of fence posts you have, divide by the number of horses and pigs on the farm, subtract the number of your school dist., multiply by number of daughters and add the pigs you expect this year and pay tax on that amount.

We have some real buys in used cars and they are bargains too, come and look them over.

Don McLaughlin is progressing nicely in Carmangay hospital.

It's time to be thinking about getting your seed treated—for that purpose we have a treator to loan and copper carbonate and Ceresan. Get it done early.

Big news folks! Al Miller has paid his subscription to the Waggin Tongue.

See the new line of x x x heat proof glass ware, We have double boilers, percolators, coffee makers and sauce pans. Prices are 1-3 less than pyrex.

Fred Watts says he has dust poisoning but it looks like the measles to us.

Our spring shipment of copper and galvanized ware is in and there is no increase in prices.

Used ranges—One Round Oak, one Old Homestead and they are priced to sell.

Bud and Flo Sanford are Champion visitors.

Don't forget folks that we are still wanting to be "Your Hardware Merchants."

### Annual Meeting Champion Consolidated School

The annual meeting of the ratepayers of the Champion school was held Saturday with Principal O. P. Thomas in the chair.

Reports from the Principal and Inspector Williams were read. The financial report showed a balance of \$10,000 on hand, with expenses for the year totalling \$16,751.29. The total assets of the district were \$74,479.84. The tax rate in the town was 27 mills; in the rural part of the district 15 mills. After some discussion the report of the auditor was adopted.

A question from one of the ratepayers regarding the possibility of lowering the mill rate was answered in the negative by the board. A motion was passed the next financial report be printed in more detail and an itemized account given.

There was some discussion regarding the entry of Champion into the larger unit, but the meeting came to no decision.

Trustee Maxwell, whose term of office had expired, was tendered a vote of thanks by the meeting.

He was replaced by Mrs. Harry Smith, who has the distinction of being the first woman to be a member of the board of Champion Cons. School.

Champion Red Cross Branch needs more knitters—mitts and gloves are required urgently—wool may be obtained at the local Red Cross rooms above the municipal office—open on Thursday, Friday and Saturday afternoons, and in the evening Saturdays, or at any time from Mrs. Freeze, war work convenor 62t

### Cleaverville Pioneers' Club Gave Dance

The Old Time Dance of Feb. 7 sponsored by the Cleaverville Pioneer Club was a definite success socially and financially.

At 9 p.m. an excellent programme was supplied by young local talent.

During the business period which followed, Max Groves was elected president of the Pioneer Club, and William Ulrich vice president. Mrs. J. Walker continued to act as sec. treas.

At 11:30 p.m. Old Timers of 50 yrs. and over took their partners for the prize waltz.

Mrs. Morris Lyman was awarded the prize for being the best lady dancer, and Oscar Hagg for being the best gentlemen dancer.

Mrs. R. D. Smith and Mr. Guy Walker won prizes for being the oldest Old Timers present.

The Old Timers usually favoring the audience with step dancing, being absent, the time after supper always set aside for them was given over to an impromptu volunteer programme.

Dancing of old time and modern dances was then resumed till 3 a.m.

Music was supplied by Frazer's.

Red Cross would appreciate donations of serviceable floor covering for the Red Cross Rooms. Sizes 8 feet by 9 feet and 9 feet by 11 feet. Communicate with this paper or Secretary Treasurer Joe Mark.

Champion Varieties will give a concert on March 5th in the Community Hall—look for further announcements

### A DUTY AND A PRIVILEGE

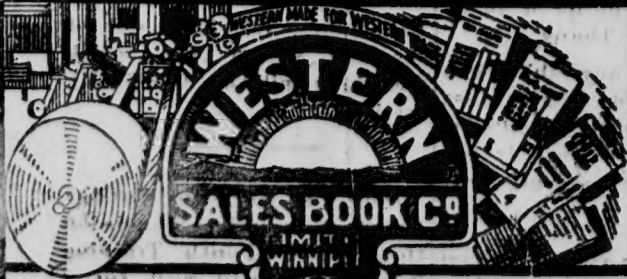

A war saving campaign is being staged this month to promote the purchase of War Saving Certificates. The people are urged to purchase War Saving Certificates to help win the war. No doubt you have often said to yourself, "I'd do anything to ensure a Victorious Peace, but what can I do." Well, you can do something and it won't cost you anything. Canada is asking you to save as much as you can and buy War Saving Certificates. The nation must simply have money to carry on the war, and that money must come from the people. In total war, money is the civilian's weapon, every dollar saved and loaned to Canada is a dollar invested to insure victory. And don't forget these War Saving Certificates are guaranteed by the government of Canada. You will get your money back with good return.

We must show the enemy that we can do more by voluntary effort than they can by compulsion. German people are forced to provide the money and material for mechanized warfare by force. Hitler sneers at Democracy, at the voluntary co-operation of free men, as inefficient, out-dated and doomed. He has sworn to destroy it everywhere.

Can democracy, can Canada, meet that challenge—by democratic methods?

It means money. Money to build the plants, buy the material, pay the workers to produce to the limit of our capacity those munitions of mechanized warfare which we can produce—money to purchase elsewhere what we cannot make ourselves.

Every man, woman and child in Canada is able to share in the great task through saving and investing in War Savings certificates.

**WHOSE MONEY**  
**IS it?**

**W**HAT money? Why—the money in the banks! The money carefully put away by you and your neighbours in savings accounts. The money you *could* have spent today but wanted to keep safely against some future need. The businessman's money for use in his normal operations. There are more than 4,846,000 bank deposit accounts, savings and current. Within these two classes the great majority of deposits are small or of moderate amount. ¶ But you'd be wrong if you assumed from this, that the rest of the deposits are owned by the few! Quite the contrary! The railways, for instance, have deposits in the chartered banks—and that indirectly includes the whole population of the Dominion. The trade unions have deposits. Millions of policy-holders share in the ownership of insurance companies' deposits. ¶ And don't overlook the deposits of wheat pools; farm co-operatives; churches; municipalities and municipal hydro commissions, school districts; school children's penny bank savings deposited with the chartered banks; and commercial and mining corporations with very wide lists of shareholders, large and small, all over Canada. Truly, money on deposit in Canada's chartered banks is owned, *in fact*, by you and your fellow-Canadians.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services—safeguarding depositors' funds; facilitating the nation's business—looking forward to peace with freedom as the only sure basis of enduring prosperity.

## SEEDTIME and HARVEST

By  
Dr. K. W. Neathy  
Director, Agricultural Department  
North-West Line Elevators Association

### Seed Grain

New Seed is purchased for one or  
more of the following reasons:

1. To maintain purity.
2. To adopt a new or different variety.
3. To begin growing a new or different crop.
4. Because crop was damaged by frost, sprouting, etc.

When buying new seed it is always  
wise to buy the best available. This,  
of course, means buying registered  
seed if possible, and, if not, certified  
seed.

To maintain purity, it is not neces-  
sary to buy a sufficient quantity of  
expensive seed to replace the old en-  
tirely the first year. It saves money  
to sow a seed plot with pure seed,  
and to take every precaution against  
the occurrence of volunteer plants of  
the same crop and against mechan-  
ical mixing. Suppose that a farmer  
commonly has 150 acres in wheat; a  
seed plot of fifteen or twenty acres  
will usually provide ample seed for  
the next year. The plot selected  
should be summerfallow, and should  
be located at least fifteen or twenty  
rods, preferably further, from other  
wheat. Exercise extreme care in  
threshing, cleaning and sowing.

If a new variety is to be adopted,  
the same practice may be followed,  
though even greater care should be  
taken to prevent the old variety  
from volunteering. It is seldom  
necessary to replace a variety com-  
pletely in one year. A thorough job  
can be done in two years, and it is  
much cheaper.

If frost, sprouting, or some other  
injury necessitates new seed for the  
entire farm, and resources do not  
permit the purchase of enough  
registered or certified seed for all  
needs, then at least a few bushels  
for a seed plot should be obtained.

# I Pledge

"I realize that Canada now calls on me... to join in a great  
National Savings Plan... necessary to win the war and vital to my  
own safety.

-that the gallant men of the Army, Navy and Air Force...  
now on the fighting front... need me on the financial front. They  
need munitions, material and equipment... and only by my money  
which represents the production of war materials can this support be  
secured. They are my protectors. They call on me to be their provider.

-that this will require hard work and many dollars.

-that only by hard work and frugal living... by LENDING  
all I can to Canada... can I do my part to help to win the war and  
establish our future security.

I Pledge—that I will forego the purchase of unnecessary articles  
... however small the cost... no matter how well I am able to pay  
for them... which take labour and materials away from the great task  
of providing goods needed to win the war.

-that NOW... starting this month... I will put a definite  
part of my income aside in War Savings Certificates. I will have it  
deducted regularly... each week... each month... either from my  
pay envelope or from my savings account, by arrangement with my  
employer or my bank manager."
